PROFESSIONAL SUMMARY

Bilingual (English & Spanish) Software Engineering graduate with hands-on full-stack development experience across client projects and team-based applications. Strongest in TypeScript, React, Python/Django, and SQL, with experience across APIs, UI, databases, testing, documentation and client delivery. Combines software engineering with proven leadership from managing teams, improving workflows and translating operational problems into practical systems.

EDUCATION

Bachelor of Science in Applied Software Engineering <i>Cardiff University</i>	September 2022 - June 2025
International Baccalaureate <i>Colegio Internacional Torrequebrada, Málaga</i> Spanish Language and Literature HL, English HL, Mathematics HL, Computer Science SL	September 2020 - June 2022

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, SQL, HTML/CSS.
Frameworks: React, Django, Spring Boot, Thymeleaf, Jenkins, Poetry, Docker, Storybook.
Other: REST APIs, Data Visualisation, Git/GitLab, CI/CD Pipelines, Figma, Jest, PyTest.

PROJECTS

CHIL Research Full-Stack Data Visualisation WebApp Code <i>TypeScript, React, Django, MariaDB, Poetry, Git, Figma</i> - Enabled climate-impact data visualisation through a scalable dashboard by developing React components and Django REST APIs as part of a 5-person team. - Improved maintainability by producing technical documentation and structuring the application for future development. - Delivered an accessible, client-aligned UI by implementing WCAG 2.1 requirements and client branding guidelines. - Reduced design-to-development ambiguity by leading Figma design and high-fidelity prototyping. - Kept client requirements aligned with delivery by leading presentations and meetings within an Agile workflow.	January 2025 - April 2025
BipSync Internal Onboarding System WebApp Code <i>Springboot, ThymeLeaf, SQL, HTML, CSS</i> - Replaced fragmented onboarding workflows with a secure internal portal built in a team of 4. - Reduced manual account administration by implementing account creation and editing functionality. - Protected role-specific workflows through role-based access control and JDBC-backed database interactions. - Kept delivery aligned with client expectations through client communications and Sprint Reviews.	April 2024 - May 2024

WORK EXPERIENCE

CellarDoor General Manager & Cocktail Bartender - Applied data-driven analysis to venue sales performance to identify inefficiencies and redesign operational workflows, increasing revenue per customer. - Replaced ad-hoc processes with structured systems to improve consistency and efficiency across a live, high-volume venue. - Served high-end clientele from diverse backgrounds and specialities.	October 2025 - June 2026
BNKHSE LTD Hospitality Supervisor - Coordinated operations and competing priorities across three concurrent sites and teams of up to 6. - Designed and implemented digital SOPs and standardised workflows to improve onboarding consistency. - Led workflow and schedule design from scratch for two new venue launches.	May 2024- June 2025

CERTIFICATIONS

- Google AI Essentials Specialisation Certificate | coursera.org, 2026
- World Robotic Olympics Regional Winner | Málaga, 2018
- Three CICA National Debate Leagues | Madrid, January 2020 - March 2021
- Wasteland Ski Rep Training | Manchester, November 2023
- Diageo Bar Academy - On The Road Course | Cardiff, May 2025
